## Himeji's Spiritual Culture - A Spiritually Refining Experience

We will visit the training studio of Myochin Munehiro, who continues to forge swords for the modern age while preserving tradition. You will experience the profound world of Japanese swords. A sword is a philosophy that transcends technique, connecting fire, iron, and the heart. Japanese beauty and spirit are embodied in each swing. This private, special experience will allow you to experience this profound depth.

### ② Shoshazan Engyo-ji Temple -The pinnacle of spiritual culture: a goma offering experience-

At this majestic temple, which was also chosen as the setting for the Hollywood movie "The Last Samurai," you will have the special experience of a goma offering performed by the head priest. This time to calm your mind in the silence away from the mundane world is a luxurious and healing experience in itself.

### ③ Hyogo Prefectural Budokan-A martial arts experience that lets you experience Bushido-

Himeji is a place where samurai culture has been alive since ancient times. On this tour, you can choose from 11 martial arts, including ancient martial arts associated with the Himeji domain, and experience them privately at the Hyogo Prefectural Budokan.

# Himeji's Food and Accommodations: A "Terroir" Experience in a Treasure Trove of Gourmet Cuisine

Himeji is home to the bountiful waters of the Harima Nada Sea, fertile soil, and a castle town with a thousand-year history. Its food culture is a fusion of the blessings of nature and traditional wisdom, and could be called Japan's "terroir." With seafood that changes with the seasons, and rice, vegetables, and fruit that grow abundantly in the mountains, local ingredients are transformed into sophisticated dishes by the hands of our chefs.

## ① Himeji Castle Club:

### A restaurant with a view of the World Heritage Site

Enjoy the collaborative cuisine created by a long-established Japanese restaurant and a historic sake brewery.

## ② A tour of the 100-year-old Nadagiku Brewery and a special meal

You can enjoy unique and creative dishes such as the "Original Cotton Candy Beef Hot Pot" at the sake brewery restaurant.

## ③ Stay in a special room at Yumesakigawa Onsen "Yumeno Yuyake Koyake"

Yumesakigawa Onsen is known for its soft waters, which are known for their skin-beautifying properties. In the open-air bath, overlooking the changing seasonal scenery, you can enjoy a moment surrounded by steam and listening to the sounds of the river and the wind.

The special rooms combine traditional Japanese décor with modern comfort. The spacious layout, high-quality furnishings, and views of the countryside and mountain streams beyond the windows create an extraordinary experience.
